

Anbalagan. R

Adobe Certified Professional | Lead AEM Technical Content Author | Web Content Publisher | Manual & Automation Tester

Email: anburuku@gmail.com

Phone: 91-8939869148

Career Highlights

- Spearheaded project planning and tracking, including the creation of key milestones, performance indicators, and conducting daily standups to ensure alignment with project goals and timely delivery.
- Collaborated with key stakeholders to gather and define requirements, establish delivery milestones, and ensure successful project execution.
- Extensive experience with Multi-Site Manager (MSM), including the development of live copies from blueprints, allowing for consistent structure and content across live copies.
- Managed critical MSM operations, such as page creation, editing, deletion, and movement, ensuring seamless content management across multiple sites.
- Engaged in both manual and automated testing processes to ensure product quality and efficiency.
- Actively participated in meetings related to releases and Go-Live projects, contributing to successful project launches.
- Delivered comprehensive analytics reports on a monthly, quarterly, semiannual, and annual basis using Adobe Analytics, aligning with key performance indicators (KPIs) to drive data-driven decision-making and strategic insights.
- Leveraged Adobe Target to execute personalized content strategies, including A/B testing, experience targeting, and multivariate testing, resulting in optimized digital experiences and enhanced user engagement.
- Improved SEO performance using Screaming Frog by identifying and resolving broken links and images, optimizing heading tags, and updating metadata. Consistently monitored and applied best SEO practices for continuous website optimization.
